Its my pleasure to endorse Deborah Monkman for Executive Shop Steward and Bargaining committee member. I have known her for over a decade watching her serve the members tirelessly. She's one of the most trustworthy accountable people I know, always following through on her word. Her knowledge and approach is guided by our collective agreement. She tells it like it is, like it or not, that's refreshing in current times when we find ourselves unsure of what is real and what is made up.

*Please accept my heartfelt endorsement for Deb Monkman. Over 15 years she has stepped up when called upon by our union executive or the members they serve. Shes well informed and knows how to face the employer with diplomacy and just the right amount of assertiveness resulting in many wins for our hard working members. She serves for the right reasons and won't disappoint. Cheryl Coatta
