

## YOUR FUTURE MATTERS!

Date  
01-05 March 2025

Colleagues and union members, I am seeking your support as **Member at Large** for SD43. I am bringing a fresh perspective, and a new voice to empower our members. If elected I will pursue having our **Pro D Days** brought back into effect. This was a great opportunity for all of us to unite as one and facilitate education. My **guiding principles** will be **fiscal responsibility** and **transparency**. This is our union and your voice matters!
