My Vision

My name is Lisa Gregory and I am currently serving as the Vice President. I have been a union activist for the past 10 years where I've cultivated respectful and meaningful connections with key stakeholders, served on various committees, and have gained invaluable experience navigating the intricacies of the day-to-day functions of the union. My vision is to foster a future defined by transparency, accountability, and unwavering support for our workforce. I will champion the cause of transparency, ensuring that every member is informed and empowered with the knowledge they deserve. Accountability will be my guiding principle, holding myself responsible for the promises made and actions taken on behalf of the union.

My commitment extends to safeguarding the rights and well-being of our workforce. I will stand as a vigilant advocate, dedicated to addressing concerns, protecting job security, and ensuring fair treatment for all. Together, we will create a workplace environment where every member feels secure, valued, and respected.

Moreover, my vision encompasses a robust focus on education opportunities. My aim is to enhance and expand educational resources, providing members with the tools they need to excel in their roles. By investing in education, we empower our members to adapt to new challenges, secure better opportunities, and contribute meaningfully to their professional growth.

In this election, let us unite to shape a future where transparency and accountability, workforce safeguarding, and educational advancement propels us towards collective success and prosperity.

I am writing this to Endorse Ms. Lisa Gregory as she is such a great mentor to others, and I'm talking on behalf of my experience she taught me a lot of things and guided me.

She is so dedicated to her job, and she has a loving heart as a mother, I can see how she put so much effort into our union. I know how much passion she has for the things she's doing. She will help you all the way if a member needs help.

She likes sharing what she knows for you to step forward. She is a trustworthy and generous person.

The thing I love the most about her is when it comes to business, it's business to her special treatment if you are her friend. She is a very straightforward person, which I think makes her stand out. She is so easy to reach out to, like even night or day. If you call her, she will always answer you, she will assure you that she's there to help in times you need help.

We need a person like Lisa who can protect and care for her fellow members. She is an extremely strong woman with a heart.

Respectfully yours,
Princess J.
