

DON DUNCAN

Working CFV since October 1995.

Was representing by ATU from 1995-2008. Have held numerous union positions, committees including bargaining.

April.01.2008 In the process of being represented by Cupe 561. Was sworn in on July.06.2008. At this time my name was put forward for Member at Large. Roughly holding that position for 10.5 years. I have been on our bargaining committee for our unit under Cupe561.

Courses: Collective bargaining, bargaining skills, advanced collective bargaining skills.

During the last the round of bargaining, the membership gave a mandate to the committee which we followed all through bargaining.

With strong solidarity on the picket lines, we moved forward and got one of the best collective agreements in recent years. This is for all sectors in BC.

There is more to achieve moving forward. It can not only be done, but it will be. I would appreciate to be considered for being apart of the bargaining committee.

Feel free to call or see me at work if you have any questions.

I will always make time to speak with any members.

Solitary, Don Duncan
